Huber's History..

Huber's Hut is named after a very important man

Mr Willie Huber

It is largely thanks to him that you are sitting here now.

Willie Huber spent the entire Winter of 1972, in a tiny hut on this ski field assessing the weather & snow conditions at Mt Hutt.

Huber & his team then assembled the very first lift, a 700 metre rope tow!

The following year, Mt Hutt opened as an operational ski area.

We are happy to report Willie was up here last season,still skiing at 90 years old!

Willie at the site of the original Huber's Hut,
now replaced with a commemorative plaque near Lex' Way
